

Enjoy your road trip

Description

If you're a motorist, you'll probably have a long record of safe driving.

Statistics show that drivers over 55 are least likely to be involved in an accident. However, as we know, not all roads are pleasant country lanes.

Indeed, roads are different these days with faster and more aggressive driving and new road layouts that some of us may find confusing.

Here's [a handy guide](#) that could help us all on our journeys. Happy motoring and safe driving!
