

Use community transport

Description

What if we don't have access to cars, taxis or buses? Well, don't worry – try community transport.

Ranging from car schemes to minibuses, these can be a lifeline in both rural and urban areas.

Community transport takes disabled people to work, children to school, sick people to healthcare and older people to the shops. Click [on this link](#) to find schemes in your area. *(Photo: Clive Price)*
