

Residents' Survey

Description

Your response to this questionnaire will provide us with vital information as we plan for 2018/19 and beyond.

We are committed to supporting your wellbeing, as much as we can, and we are particularly interested in your **mobility** and continued **independence**. We are also interested in your use of **computers**. There is an important link between both, for example, our ability for us to 'signpost' you to useful information and services. We would like to explore this link further.
