

AUTUMN 2022

Description

A cool, gentle breeze greets us with the mystical flavour of the season on a fine autumnal morning. Thereâ??s nothing quite like it, is there?

We try to carry that similar sense of comfort and hope as we publish the [autumn edition of Roof â??nâ?? Roots](#) â?? your very own MMHS news publication.

Here are just some of the contents awaiting your attention:

- after asking residents to share their own anniversary stories, MMHS householder Iris Chapple told us about her 40 years of training puppies for the Guide Dogs charity;
- when we heard some people might be giving up on their mobile phones, we asked our tech friends AbilityNet to share some tips on how to make the most of these essential devices;
- latest news on the MMHS Residents Review;
- practical tips on getting you and your home ready for the winter;
- why you should try scrapbooking as part of your self-care.

All these stories are ready for you to enjoy in the [autumn edition of Roof â??nâ?? Roots](#)! Download it [here](#).
