JOY TO THE WORLD

Brexit looms ahead. Trump becomes *Time* magazine's Person Of The Year. And the diminishing shape and size of Toblerone will haunt us forever. Yet *Roof 'n' Roots* retains the same generous dimensions. [The winter edition](#) has been produced in time for Christmas, so you have something warm and friendly to read on a crisp, cold day. This packed issue features:

- the moving story of former nurse now charity worker Joy Murphy;
- a timely reflection on life by Revd Pat Billsborrow;
- practical ideas on how to make the most of your winter;
- where *Star Wars* and Methodism meet;
- and more seasonal information in [the MMHS newsletter](#)!
