

Summer 2016

Description

While Westminster was rocked by anti-Brexit marchers, a teachers' demo, protests about the Chilcot Inquiry – and as the Queen attended the Somme centenary service – the [launch edition of the MMHS newsletter](#) was presented quietly to attendees at the 2016 Methodist Conference. The first issue offered such items as:

- how a Derbyshire lass became first woman President of Conference;

- why more than 750 residents discussed everything from doors to driveways;
- how to find sacramental mystery in your home;
- why Bob Dylan made an album about a Methodist folk hero;
- and there's more in the launch edition of the [MMHS Newsletter!](#)
